

Press release

2024 MULHOUSE BIENNIAL OF PHOTOGRAPHY *MONDES IMPOSSIBLES (IMPOSSIBLE WORLDS)*

September 13 - October 13, 2024

13 exhibitions in Mulhouse, Thann, Hombourg and Freiburg im Breisgau (DE)

The 2024 Mulhouse Biennial of Photography will take place from September 13 to October 13, with opening days on September 13, 14 and 15. In this 6th edition of the festival, guest photographers share their conception of the post-industrial era and the challenges we face, as well as probing the essence of natural worlds to be preserved or reinvented. The exhibitions present different visions of a world that has become uninhabitable for certain living species, while exploring possible and dreamed spaces for the future. Through thirteen exhibitions, this lucid and exploratory program takes a poetic approach to the world in the age of the Anthropocene.
